

***Declaration of Commitment on Good Governance***  
***Department of Disaster Prevention and Mitigation***  
***Fiscal Year B.E. 2561 (2018)***

Department of Disaster Prevention and Mitigation (The Department) has established Good Governance Policy which is aimed at;

- 1) Outlining the conduct expected of personnel to ensure transparency and conformity to international standards.
- 2) Providing guidance on operations for The Department and its personnel, and a tool for measuring different aspects of The Department's performance which include political, societal and environmental, service users and stakeholders, organizational, and personnel to promote transparency, efficiency and effectiveness.
- 3) Establishing organizational governance that is credible and reliable to service users, general public and stakeholders.
- 4) Promoting organizational commitment among personnel of all levels by which executives shall perform their legal duties within their scope of authorities and create sense of self accountability for his/her own actions, organization, executives, service users, and the society, respectively.
- 5) Preventing corruption, potential conflict of interest, and promoting transparency in public administration.

Accordingly, the Department has announced a policy on good governance to guide The Department and its offices to develop corresponding measures/projects that shall be implemented, monitored and evaluated in a clear manner. The policy comprises four aspects as follows;

**1. Political, societal and environmental aspect**

Core area 1: Disaster risk reduction

- Operational strategy:
- 1) Supporting the implementation of road safety throughout the year
  - 2) Reducing impact of drought and flooding
  - 3) Facilitating the organization of emergency management exercise and lessons learned

Core area 2: Supporting the implementation of government's policy and ensure the country and the people benefit from The Department's actions.

Operational strategy: Establishing a guideline to improve the effectiveness of fiscal year budget spending.

**2. Service user and stakeholder aspect**

Core area: Raising awareness, preparedness, and participation of the people in disaster prevention and mitigation

- Operational strategy:
- 1) Promoting disaster risk management education
  - 2) Encouraging people's disaster preparedness
  - 3) Strengthening capacities of all sectors
  - 4) Improving disaster warning system and expanding the communication channels for disaster warning

### 3. Organizational aspect

- Core area: Promotion of good governance practice within the organization
- Operational strategy:
- 1) Ensuring all actions taken by the Department and its offices aligned with relating regulations and internal audit plan
  - 2) Assuring the Department and its offices to follow the internal control and risk management framework
  - 3) Encouraging the Department and its offices to translate executives' policies into action
  - 4) Encouraging and facilitating the implementation of Against Corruption Action Plan

### 4. Personnel aspect

- Core area 1: Promotion of morality, ethics, good governance and self-sufficiency philosophy among personnel
- Operational strategy:
- 1) Encouraging personnel of all levels to maintain good governance conducts aligned with standards for good governance and transparency in public administration.
  - 2) Providing training, promotion and recognition for personnel's moral, ethical and responsible conduct.
- Core area 2: Encouragement of personnel's competency and motivation improvement
- Operational strategy:
- 1) Providing guideline for implementation of Human Resource Management Action Plan.
  - 2) Establishing framework for personnel competency development.
